# DRINKS

## « & BEVERAGES »

» Have Popeye look after your drinks for you with our on board bar and friendly, experienced bartenders. To not take advantage of great South Australian brewers, wine makers and distillers would be very un-Australian of us. So we proudly stock a range of South Australian wines, Pikes beer, The Hills Cider Co ciders, Prohibition gin and non-alcoholic soft drinks.

» There is a minimum spend relative to the hire time of the vessels with the option to charge per drink, or run it as a tab. There is a minimum spend of \$400 for the first hour and an extra \$50 per hour past that. This includes a small license fee, the service of a bartender, the supply of serving ware and collection and disposal of bottles and cans after your function.

» If you would like to BYO we charge a flat fee per boat and there is a limit of 3 standard drinks per person per hour in accordance with our license, which will be checked prior to boarding.
